

# APARTMENTS TO BUY OR RENT

A family-friendly condominium in the centre of Bangkok, close to several large hospitals, good international schools, and embassies. Also within easy walking distance of the BTS SkyTrain at Chong Nonsi and Surasak Stations. All safety and security systems in the building have recently been overhauled and upgraded.

Ideal for embassy and ex-patriate staff, and their families. Unlike most other buildings, the TV system can receive any foreign language programmes that are available on satellite in Asia (full digital and surround sound standard).

A major facelift is largely completed – the main lobby and atrium garden have just been renovated. A large new area for recreational use will be added at the rear of the building.

**These units are currently available to buy or rent at Sampoom Garden.**
